REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In the prior office action, examiner allowed claims 26 – 37 and 39 because applicant had amended the claims to include the following limitation.

- (h) positioning the display between an eye of a user and a hand of the user;
- (i) viewing the at least one finger of the hand on the display, while forming the first and second hand patterns; and
- (j) visually aligning the eye of the user, the display and the first and second hand patterns.

None of the prior art cited nor a further search by examiner show this aiming method for inputting display data.

Examiner, however, rejected claims 38 and 40. In response, applicant canceled this claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
